4/19/68

Dear Lou,

After my March trip to New Orleans I instituted searches for a number of things in which I knew you had interest.

I have just received from the National Archives this copy of the FBI report of the interview with Jacob Leichner.

A also asked for any with Gallo. There was no answer to this, but also no interview report with Gallo. Perhaps that indicates he might have something interesting to say?

Sincerely,

—

Harold Weisberg
